

Data Protection Principles

LL.B. 5-Year Integrated Programme: Specialisation Track · Subject: Cyber Law

Overview

Emerging data protection principles and their relevance to Indian cyber law.

Study Notes

This chapter forms part of the 'Cyber Law' subject within the 'LL.B. 5-Year Integrated Programme: Specialisation Track' course on LawStudents. It is intended to give students a structured, exam-oriented understanding of the topic before moving to the next chapter.

- Read the overview and identify the core concept being tested.
- Cross-refer the relevant Bare Act or standard textbook chapter alongside these notes.
- Attempt previous-year or practice questions related to this chapter before moving on.
