

Victimology

LL.M. in Criminal Law & Criminology · Subject: Criminology

Overview

The study of victims and their role within the criminal justice process.

Study Notes

This chapter forms part of the 'Criminology' subject within the 'LL.M. in Criminal Law & Criminology' course on LawStudents. It is intended to give students a structured, exam-oriented understanding of the topic before moving to the next chapter.

- Read the overview and identify the core concept being tested.
- Cross-refer the relevant Bare Act or standard textbook chapter alongside these notes.
- Attempt previous-year or practice questions related to this chapter before moving on.
