

Logical Reasoning Basics

Legal Aptitude & Reasoning Foundation · Subject: Reasoning Techniques

Overview

Core logical reasoning question types seen in law entrance examinations.

Study Notes

This chapter forms part of the 'Reasoning Techniques' subject within the 'Legal Aptitude & Reasoning Foundation' course on LawStudents. It is intended to give students a structured, exam-oriented understanding of the topic before moving to the next chapter.

- Read the overview and identify the core concept being tested.
- Cross-refer the relevant Bare Act or standard textbook chapter alongside these notes.
- Attempt previous-year or practice questions related to this chapter before moving on.
